HOW TO FOLD YOUR
NERDCATCHER

1) Cut along the black lines.

2) Picture side up, fold the square in half from top to bottom. Unfold. Fold in half from side to side. Unfold.

3) Picture side down, fold all four corners into the center using the existing foldlines as a guide. You should see the colors and numbers on the figure.

4) Turn the figure over and fold the four corners into the center again. You should see only numbers now.

5) Fold in half from top to bottom. You should see the names of two colors.

6) Slip your thumbs and forefingers underneath the square flaps on both sides of the figure. Press them together so that the folded points meet to form a 3D figure.
